BMC Helix Continuous Optimization Migration: Essential Subscription

Certification   Web-based Training

ASP   Instructor-led Training

About the Product:

BMC Helix Continuous Optimization is a SaaS-based capacity management solution that gives you insights to optimize your current IT resources and plan for future demands. It collects and analyzes the capacity data and core metrics for CPU, memory, and storage.

This subscription provides a deep dive into migrating from TrueSight Capacity Optimization to BMC Helix Continuous Optimization. The web-based training courses included in this subscription provide comprehensive details for the migration, including migration overview, planning, and post-migration tasks.

About the Training Target Group – User Responsibilities:

- Understand the process of migrating from TrueSight Capacity Optimization to BMC Helix Continuous Optimization
- List the planning activities required for the migration
- Explain the process for installing the Remote ETL Engine
- Download and Run the Migration Toolkit
- Validate data and perform post-migration tasks
- **Recommended for:** Administrators and Consultants

Applicable Versions: 23.4

On-Premises TrueSight Capacity Optimization to BMC Helix Continuous Optimization

BMC Helix Continuous Optimization: Fundamentals Migrating Overview **WBT 30 mins**	BMC Helix Continuous Optimization: Planning the Migration and Activating **WBT 30 mins**	BMC Helix Continuous Optimization: Installing the Remote ETL Engine **WBT 30 mins**	BMC Helix Continuous Optimization: Downloading and Running the Migration Toolkit WBT 30 mins

BMC Helix Continuous Optimization: Validating Data and Performing Post-Migration Tasks **WBT 30 mins**	BMC Helix Continuous Optimization Migration Online Exam **CRT 2 hrs**
