

Partner Enablement and Education Package Frequently Asked Questions FY22 PREP-7 (v5 – September 2021)

PREP DEFINITION for Delivery and Support personnel

- **What is changing with the PREP Subscription levels and Certification?**
 - PREP for FY22 (April 2021 – March 2022) is very similar in structure as the previous year.
- **There are 3 PREP options for Delivery and Support teams. Which is appropriate for me?**
 - eLearning/Re-Certification Package
 - This package is available at the company level for all permanent employees to access all eLearning/Web Based Training (WBTs) which BMC offers across its product line. This excludes WBTs included in SaaS Subscription. The eLearning access will be valid for the duration of the PREP-7 program, March 1, 2022.
 - This package also includes re-certifications for all expiring certifications. This includes Certified Associate and Certified Professional expiring in FY22, and Accreditations passed after March 31, 2020. These re-certifications will allow partners to have the proper credentials for maintaining their Level 1 (L1) Support eligibility with Certified Associates as well as the FY22 partner tiers by having the proper number of Certified Professionals. Re-Certification must be passed by March 1, 2022.
 - Ultimate Subscription
 - The Ultimate Subscription is for field consultants to take necessary training required to gain the knowledge required to pass their Certified Associate exam, Certified Professional exam and, if included in the product line, the Certified Expert exam. The subscription is for an individual in a product line to receive training (including updates to training classes) and attempts on any Certified Associate exam, Certified Professional, and Certified Expert (if available) for that product line.
 - Essential Subscription
 - Essential Subscriptions will allow L1 Support personnel to take necessary training to gain the knowledge required to pass their Certified Associate exam (these exams replace Accreditation Exams). The subscription is for an individual in a product line to receive predefined courses and a Certified Associate Exam for that product line during the 12 month access period.
 - New Essential SaaS Subscriptions are available for field personal to take necessary training to gain the knowledge required to pass their Certified Associate Exams for new Helix SaaS products.
- **Is there a rebate program again with PREP?**
 - Yes, the rebate program is discussed further below in this document in detail. However, PREP has a rebated program and a non-rebated program.
 - Rebates are available to select partners for these areas:
 - eLearning/Re-Certification Package
 - Selected Ultimate Subscriptions
 - Control-M: Ultimate Subscription
 - BMC Helix ITSM & CMDB: Ultimate Subscription

- BMC Helix Digital Workplace and Add-Ons: Ultimate Subscription
- BMC Discovery: Ultimate Subscription
- Selected SaaS Subscriptions
 - BMC Helix Control-M: Essential Subscription – Consultants
 - BMC Helix Migration Essential Subscription – Consultants
 - BMC Helix Operations Management Essential Subscription
 - BMC Helix AIOps: Essential Subscription
 - BMC Helix DSOM Containerization Essential Subscription - Consultants (Planned)
 - BMC Helix Control-M Migration Essential Subscription - Consultants (Planned)

(Planned subscriptions may or may not be available before end of program)
- Other subscriptions are available to partners at standard discount pricing per PNA contracts without rebates.

Will new Subscriptions be added as new products/releases become available?

- Yes, new subscriptions may be added if a new product line is released during the year. New course and exam releases or revisions may be added to the existing Ultimate Subscriptions at no additional cost. Participants will gain access to these new classes and exams upon release of the classes.

- **Where can I view the schedule of PREP Instructor Led Online classes and register?**
 - The class schedules are all available in BMC Academy. Go to <http://bmc.com/education> to register for classes within your subscription.
- **What is the timeframe recommended to leverage PREP for certification?**
 - For Associate/Essentials PREP, please allow min of 2-4 weeks:
 - View the included WBT's
 - Attend the available Instructor Led Training or Assisted Self-Paced Training classes
 - Take the Certified Associate Exam (2 hr. Online Multiple-Choice Exam)
 - For Professional/Ultimate PREP, please allow min of 6+ weeks:
 - Complete all training components for Ultimate Subscription
 - Gain additional field experience as appropriate, especially if you are new to the product.
 - Complete Certified Professional Exam (2 hr. Proctored Online Multiple-Choice Exam)
 - Attend additional training throughout the year for new versions or new class releases.
- **I can purchase certain PREP components through September or November 2021. Why should I buy now?**
 - You can attend multiple classes during the year and take new version/new class training when it is released. Stay current and up to date by taking training throughout the year and increase your value from the PREP Program.
 - Get a fast start to the year with training and certification
 - Enroll now to ensure you don't miss any necessary classes towards the end of the year. Putting it off to the last minute/week/month is not advised.
 - BMC Customers will be looking for BMC Certified Professionals for their projects.
 - BMC Services will be looking for BMC Certified Professional Partners to staff their projects
 - See Rebate information below
- **Can we buy PREP now, and start later in the year?**
 - Yes, you may begin any time
- **If I register for one subscription, but change my mind, may I switch subscriptions?**

No, each student will have access only to the training, materials and exams that are part of the one subscription in which they are registered.
- **Can I buy multiple PREP subscriptions for a single individual?**
 - Yes, however please be mindful that only the registered individual may consume the subscription, leave ample time for a person to complete multiple subscriptions.
 - Check how many Ultimate subscriptions are rebate eligible based on your partner tier and which percentage of the Ultimate package fee is rebated.
 - An unlimited amount of non-rebate eligible subscriptions may be purchased.
- **Is there a limit to the number of PREP subscriptions my company can purchase?**
 - No. There is no limit to the number of PREP subscriptions a partner may purchase.

- The number of rebate eligible Ultimate subscriptions and SaaS subscriptions per partner are limited, please check the number and percentage of rebate for your partner tier
- **Can I purchase PREP Subscriptions after November 30, 2021?**
 - If you want to receive any rebates, you must purchase by November 30, 2021 in order for students to meet the March 1, 2022 deadline for Certified Associate and Certificated Professional completion.
 - If you are not eligible for any rebates or have allocated all of your rebate eligible subscriptions, a partner can purchase non-rebated Ultimate, SaaS, or Essentials subscriptions any time.
- **If my team already has prior training or experience, does PREP still make sense?**
 - Yes, the Ultimate Subscription PREP Program is perfect. Ultimate Subscription is designed for partners with field experience and partners who might not have had recent formal training. They also get access to all WBT's and Instructor Led courses to prepare for the certification exams. Pass rates on the exam are greatly enhanced with participants who have taken recent training.
- **Are the training and materials available through PREP enough to pass the BMC Certified Associate/Professional/Expert exams?**
 - Much is covered in the training courses to help pass the exam. While training alone does not guarantee a participant will pass the exam, pass rates are greatly enhanced by those who do take the training. Field experience is recommended for those who are going to take the Certified Professional or Certified Expert exams.
- **I have 10 people, will I receive a volume discount?**
 - Since PREP is already very heavily discounted, BMC is unable to offer any additional discounts.
- **How will I know what material is covered in a subscription?**
 - All PREP Subscriptions can be found here with links to the content of each: <http://www.bmc.com/education/prep.html>
or
<http://www.bmc.com/education/education-subscription.html>
- **Will PREP courses and exams be offered in local language? Some of our consultants are not fluent in English and can't participate in an English-Speaking training nor take an exam in English.**
 - Week classes are currently scheduled in English and online in the AMER, EMEA and APAC time zones. If there is critical mass for a language, BMC will work to support that language. Classes will still be online, but BMC may have some local language support for Spanish, French, German, Portuguese, depending on the particular class.
 - All exams questions are written in English. BMC does allow Google Translate to be used during the exam for the translation of questions and answers.
 - If there is enough demand for a particular course to be taught in another language, please reach out to your BMC Education Sales Representative and we can discuss the possibilities.

- **If a Partner has taken training and does not want to buy a PREP Subscription, but would like to buy the Certified Associate, Certified Professional, or Certified Expert Exam, can they do so at a discounted rate?**
 - If the Partner feels they are ready to go straight to the Exams, they simply purchase those with their standard PNA discount. This discount is only available to partners with a current PNA agreement.
 - BMC cautions Partners to only do this, if they are certain they are prepared, as it is an investment in time and money. PREP is designed to help ensure you are adequately prepared for the exam.
 - Note that the Certified Associate is now a prerequisite before taking the Certification Professional Exam. The Certified Professional Exam is a prerequisite to the Certified Expert Exam.
- **If a participant fails a Certification Exam (Associate, Professional, or Expert), how do they retake it and what are the costs?**
 - If the Ultimate Subscription is purchased, the exam may be attempted up to 4 times in one year. There is a one week waiting period between retakes. These retakes are included in the Ultimate Subscription at no additional costs. If the exam is failed 4 times, it may not be attempted again for 12 months after the first failed attempt.
 - Essentials Subscriptions only have one exam attempt included, if additional attempts are required, they may be purchased for an additional cost.
 - Exams purchased outside of the Ultimate subscriptions do not have the retakes included and must be repurchased again at standard partner rates.
