

Multi-Cloud Visibility Is Key to Successful Digital Transformation For Mid-Size Companies

72%

of Mid-Size Companies Are Adopting Multi-Cloud Environments

Multi-Cloud Offers Agility and Operational Flexibility

Benefits include:

Increased innovation (digital business)

Lower risk (threats)

Reduced costs (data center)

Improved service levels (downtime)

But...Multi-Clouds Have Their Own Challenges

Service – how to maintain service quality

Security – how to secure across all solutions and vendors

Knowledge – how to discover apps, assets, and dependencies across multiple environments

The Answer: Multi-Cloud Visibility Built for the Mid-Market

See assets and dependencies in a single pane of glass, on-prem or in the cloud, with BMC Discovery

Empower security to perform essential prevention and detection

Map from any piece of information—multi-cloud, software, hardware, network, storage

Reduce service outages with predictable change and configuration management

Get native integration with Remydforce, the leading IT service management for the mid-market

Drive digital transformation with complete visibility across all your clouds with BMC **Discovery** and **Remydforce**

Easy-to-use

Cost-effective

Powerful
